## Вступ

Тести укладено у відповідності до вимог вищої школи і до робочих програм з іноземної мови, які рекомендовані Міністерством освіти і науки України. Тести розраховані на студентів усіх економічних спеціальностей денної форми навчання першого бакалаврського рівня. Тести розроблено кафедрою іноземних мов та перекладу Харківського національного економічного університету ім. С. Кузнеця.

Всі запропоновані завдання націлені на визначення обсягу сформованості компетентності в іноземній мові з метою подальшого розвитку навичок комунікації. Контроль є складовою частиною системи навчання іноземних мов. На відміну від власне навчання іноземної мови, метою якого є формування іншомовних мовленнєвих навичок і вмінь, завданням контролю передусім є визначення та оцінювання рівня їх сформованості. Головна мета контролю у процесі навчання іноземної мови – управління цим процесом.
